The Honorable George P. Shultz
Secretary of State
Washington, D. C. 20520

Dear George,

I enjoyed the seminar you conducted on science and technology.

I thought you would be interested in browsing through the charts and some of the other material in the full estimate we did on "Trends in Western Advanced Technology." I believe you already have seen the Key Judgments, which I am enclosing also in case you have not.

Yours,

William J. Casey
